NOTES TO THE FINANCIAL STATEMENTS

For the Half Year Ended 30 June 2012

1. STATEMENT OF SIGNIFICANT ACCOUNT POLICIES

BASIS OF PREPARATION

The half year consolidated financial statements are a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001* and the Australian Accounting Standard AASB 134: *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with IAS 34: Interim Financial Reporting issued by the International Accounting Standards Board.

It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 31 December 2011 and any public announcements made by Triton Gold Limited and its controlled entities during the half year in accordance with the continuous disclosure requirements arising under the *Corporations Act 2001*.

The accounting policies have been consistently applied by the entities in the consolidated Group and are consistent with those in the December 2011 financial report.

From 1 January 2012 the Group has adopted all Australian Accounting Standards and Interpretations effective for annual periods beginning on or before 1 January 2012. The adoption of new and amended standards and interpretations had no impact on the financial position or performance of the Group.

The Group has elected not to early adopt any new standards or amendments that are on issue but not yet effective.

The half year report does not include full disclosures of the type normally included in an annual financial report.

Going Concern

The 30 June 2012 financial report has been prepared on a going concern basis that contemplates the continuity of normal activities and the realisation of assets and the extinguishment of liabilities in the normal course of business. For the half year ended 30 June 2012 the Group reported a net loss for the period of \$417,159 (2011: \$1,917,507 loss).

The Group will require further funding during the 2012 and 2013 financial years in order to meet day to day obligations as they fall due and to progress on its exploration projects. Based on the Group's cash flow forecast the Board of Directors are aware of the Group's need to access additional working capital funds in the next 12 months to enable the Group to continue its normal business activities and to ensure the realisation of assets and extinguishment of liabilities as and when they fall due.

Directors are aware that the Group has the option, if necessary, to relinquish tenements in order to maintain its cash funds at appropriate levels. Based on these facts, the Directors consider the going concern basis of preparation to be appropriate for this financial report.

**TRITON GOLD LIMITED
AND CONTROLLED ENTITIES**

NOTES TO THE FINANCIAL STATEMENTS

For the Half Year Ended 30 June 2012

1. STATEMENT OF SIGNIFICANT ACCOUNT POLICIES

BASIS OF PREPARATION continued

In the event that the Group is not successful in raising funds from the issue of new equity, there exists material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern and realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

Reporting Basis and Conventions

The half year report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected financial assets and liabilities for which the fair value basis of accounting has been applied.

All figures presented are all in Australian dollars unless otherwise stated.

Comparative figures

Under AASB 134 *Interim Financial Reporting* the Group is required to disclose comparatives for the comparable interim periods of the immediately preceding annual reporting period, except for the statement of financial position which requires it to disclose comparatives as at the end of the immediately preceding annual reporting period.

Independent Auditor's Review Report to the members of Triton Gold Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Triton Gold Limited and its controlled entities (the "Group"), which comprises the consolidated statement of financial position as at 30 June 2012, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, other selected explanatory notes and the directors' declaration of the Group comprising the Company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Interim Financial Report

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards, including the Australian Accounting Interpretations, and the *Corporations Act 2001*. This responsibility includes: establishing and maintaining internal controls relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 30 June 2012 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Triton Gold Limited and its controlled entities is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2012 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Emphasis of Matter

Without qualifying our conclusion, we draw attention to Note 1 in the financial report, which indicates that the Group will require further equity funding within the next twelve months from the date of this report to fund its planned exploration projects. These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore, the Group may be unable to realise its assets and discharge its liabilities in the normal course of business.
