FULLY UNDERWRITTEN ENTITLEMENTS ISSUE UPDATE

Triton Minerals Limited (ASX: TON) (**Triton or the Company**) is pleased to provide an update on the **fully underwritten** pro rata non-renounceable entitlement issue announced on 31 August 2018 (**Entitlement Issue**).

The Board is very pleased with the level of acceptances to date, and in light of the school holiday period across many states, the Board advises that it will be extending the closing date for the acceptance of applications to allow remaining eligible shareholders additional time to consider the Entitlement Issue.

The closing date for the Entitlement issue is now 5.00pm (AWST), Tuesday, 9 October 2018.

Shareholders that have not received the Entitlement Issue documentation can contact Triton (dedwards@tritonminerals.com) or Computershare (1800 850 505 from within Australia).
